REPORT.

STATE LAND OFFICE, }
DES MOINES, IOWA, November 1, 1871. }

TO HIS EXCELLENCY, SAMUEL MERRILL, *Governor of Iowa*:

SIR: I have the honor to submit the following report of the operations of this Department for the last two years, commencing with November 10th, 1869, (the date of the last biennial report of this office) and ending with November 1, 1871; considering the subjects therein in the following order:

- 1st. The 500,000 Acre Grant.
- 2d. The 16th Section Grant.
- 3d. Mortgage School Lands.
- 4th. The University Grant.
- 5th. The Saline Grant.
- 6th. The Swamp Land Grant.
- 7th. The Railroad Grant.
- 8th. Agricultural College Lands.
- 9th. Real estate bid off upon foreclosure of mortgages given to secure school fund loans by James D. Eads.

1ST—THE 500,000 ACRE GRANT.

The following table exhibits the total number of acres in each county, and the number of acres patented since date of last biennial report. There are still unpatented, of the lands embraced in this grant, about 27,627.13 acres.

CHAPTER 29.

AN ACT to amend Section 3 of Chapter 118 of the Laws of the Tenth General Assembly, and Section 11 of Chapter 148 of the Laws of the Ninth General Assembly, and to regulate the sale of School Lands.

SECTION 1. *Be it enacted by the General Assembly of the State of Iowa, That* Section 3 of Chapter 118 of the Laws of the Tenth General Assembly be and the same is hereby repealed, and that in lieu thereof the following is hereby enacted:

SEC. 2. Hereafter no part of the Sixteenth Section, nor land selected in lieu thereof, nor any part of the Five Hundred Thousand Acre Grant, nor any other school lands whatsoever, shall be sold for a less sum than the minimum price of six dollars per acre, except as by law hereinafter provided, and in no case for less than the amount at which it has been appraised; *provided, however,* that the sale of section No. sixteen, township ninety-two, range thirty-one, and lots numbers two, three, four, five, six, and seven, in section sixteen, township ninety-three, range thirty-four, in Pocahontas county, sold by the Board of Supervisors of said county prior to the receipt of the Resolution of this General Assembly withdrawing school lands from sale by the Auditor of said county shall not be affected by the passage of said Resolution.

SEC. 2. No School Lands of any kind shall be sold until there shall be at least twenty-five legal voters resident in the Congressional township in which said school land is situated, and in a fractional township of less than thirty-six sections the number of voters residing therein must have at least the same ratio to twenty-five as the number of sections, or parts of sections in said township has to thirty-six, which fact in all cases must be shown to the satisfaction of the Board of Supervisors.

SEC. 3. Where the Board of Supervisors of any county shall have once, at least offered for sale any school lands, in compliance with the requirements of Sections 1970 and 1971 of the Revision of 1880, and of this Act, and are unable to sell the same for as large an amount as the minimum price of six dollars per acre, and if in the opinion of said Board of Supervisors said land cannot be sold for that price, and it is for the best interests of the School Fund that the same be sold for a less price, then, and in that case said Board of Supervisors may instruct the Auditor of said county to transmit by mail, or otherwise, to the Register of State Land Office a certified copy of the proceedings of said Board of Supervisors in relation to the order of sale of said land, and subsequent proceedings in relation thereto, including the action of the Township Trustees, and the price per acre

at which said land shall have been appraised, which transcript the Register of the State Land Office shall submit to the State Census Board; and if a majority of said Census Board, including the Register of the State Land Office, shall approve of the sale of said land for less than the minimum price of six dollars per acre, then the Register of the State Land Office shall certify such approval to the Auditor of the county from whence said transcript came, which certificate shall be transcribed in the minute book of the board of Supervisors of said county, and thereupon said land may again be offered and sold to the highest bidder as provided in Section 1971 of the Revision of 1860, without being again appraised, but in no case under the provisions of this Section shall any school land be sold for a less sum than one dollar and twenty-five cents per acre.

SEC. 4. Section 11 of Chapter 143 of the Laws of the Ninth General Assembly is hereby repealed.

SEC. 5. When any lands have been bid in by the State in behalf of the School Fund on execution founded on a judgment in favor of said Fund, such land shall be sold in the same manner as other school lands.

SEC. 6. This act being deemed of immediate importance shall be in force and take effect from and after its publication in the Iowa State Register and Des Moines Bulletin, newspapers published at Des Moines, Iowa.

Approved, March 21, 1870.

I hereby certify that the foregoing Act was published in the Iowa State Register and Des Moines Bulletin, March 23, 1870.

ED WRIGHT, Secretary of State

2ND—THE SIXTEENTH SECTION GRANT.

This office has failed in its efforts to procure a certified list from the Department at Washington, of the lands selected in lieu of the sixteenth section.

My predecessor addressed a communication to the Hon. Joseph S. Wilson, then Commissioner of the General Land Office, requesting him to transmit such list, but he declined, saying in his reply that he "had no separate statistics of such lands." As a consequence we cannot give a complete list of the lands embraced in this grant, but can approximate very nearly to the quantity.

The following table shows the total number of acres in each county, and the number of acres patented since last biennial report. There remains unpatented of these lands about 392,845.00 acres.

COUNTIES.	Total No. acres in each county.	No. acres patented since last report.

3d.—MORTGAGE SCHOOL LANDS.

The law requires the Clerk of the Board of Supervisors in each county in which any real estate has been bid off upon the foreclosure of a mortgage and conveyed to the State for the benefit of the school fund, to report the same to this office. In consequence of the neglect of the officer aforesaid, in many of the counties, to comply with this requirement, we are unable to present a full list of this class of school lands, and will therefore only show the quantity in each county, patented since the last biennial report, which is as follows:

COUNTIES.	ACRES.	LOTS.	BLOCKS.

GENERAL LAND OFFICE, November 19, 1856.

I, Thomas A. Hendricks, Commissioner of the General Land Office, do hereby certify, in pursuance of the Act of Congress, approved, 3d August 1854, entitled, "An Act to vest in the several States and Territories the title in fee of the lands which have been or may be certified to them," that the foregoing lists of selections of lands for University purposes in the State of Iowa, are true copies from the originals on file in this office, as approved by the Secretary of the Interior.

In witness whereof I have hereunto set my name, and caused the seal of the General Land Office to be affixed, the day and date first above written

[L. S.]

THOS. A. HENDRICKS,
Commissioner.

The following is a full and complete list of these lands as the same were certified to the State of Iowa by the Commissioner of the General Land Office:

List of lands selected by the authority of the State of Iowa for saline purposes, under and by virtue of the 4th prop., 6th section, act of Congress, approved, 3d March, 1845, entitled "An act supplemental to the act for the admission of the

States of Iowa and Florida into the Union." Approved by the Secretary of the Interior, on the 27th August, 1852, and 31st October, 1855. All, except those marked (*), approved, 27th of August, 1852; and those *thus* marked, on the 31st of August, 1855, except sec. 31, town. 72, range 23, for Salt Spring No. 8, approved, 11th December, 1856.

GENERAL LAND OFFICE, }
DECEMBER 19, 1856. }

I, Joseph S. Wilson, acting Commissioner of the General Land Office, do hereby certify, in pursuance of the Act of Congress, approved 3rd, August, 1854, entitled "An act to vest in the several States and Territories, the title in fee, of the lands which have been or may be certified to them,"—that the foregoing list of selections of land for Saline purposes, under the 4th proposition, 6th sec., Act of Congress, approved, 3rd March, 1845, entitled "An act supplemental to the act for the admission of the States of Iowa and Florida into the Union," is a true copy from the original on file in this office, as approved by the Secretary of the Interior.

In witness whereof, I have hereunto set my name, and caused the seal of the General Land Office to be affixed, the day and date above written.

JOS. S. WILSON,
Acting Commissioner.

6TH—THE SWAMP LAND GRANT.

Since the publication of my predecessor's last biennial report, the Supreme Court of the United States has rendered two important decisions, in which the question of title to the swamp and overflowed lands is fully considered. One was in the case of the Burlington and Missouri River Railroad Company *vs.* Fremont county, and the other in the case of the Hannibal & St. Joe Railroad Company *vs.* Smith.

These decisions are of such vital interest to the public, that we herewith give them in full. We also furnish a full and complete list of all the swamp and overflowed lands, that have been approved as such and patented to the State of Iowa by the United States—the same having been patented to the several counties in which they are situate; also a list of such indemnity swamp lands as have been patented to the State, and by the State to the counties entitled thereto since the last biennial report of this office.

These lists no doubt will be useful for reference, not only to the counties in which the lands are situate, but to the public generally.

DECISIONS IN SWAMP LAND SUITS.

SUPREME COURT OF THE UNITED STATES.

[No. 40. December Term, 1869.]

THE BURLINGTON AND MISSOURI RIVER RAILROAD COMPANY, *Plaintiff in error*
v. FREMONT COUNTY, IOWA.

In error to the Supreme Court of the State of Iowa.

Mr. Justice Nelson delivered the opinion of the Court.

This is a writ of error to the Supreme Court of the State of Iowa.

The bill was filed in the court below by Fremont county against the railroad company, to settle the title to some twelve thousand seven hundred and fifty-four acres of land, situate in said county, which was claimed as belonging to the company. Both parties claim title under grants by act of Congress—the plaintiff under the swamp land grant to the State of Iowa, September 29, 1850, (9 U. S. St., p. 519); the defendants under a grant to the State for aid in the construction of railroads, May 15, 1856 (11 U. S. St., p. 9.)

The plaintiff's title is as follows:

By the first section of the act of September, 1850, it is provided "that to enable the State of Arkansas to construct the necessary levees and drains to reclaim the swamp and overflowed lands therein, the whole of those swamp and overflowed lands made unfit thereby by cultivation, which shall remain unsold at the passage of this act, shall be, and the same are hereby, granted to said State.

Section two provides "that it shall be the duty of the Secretary of the Interior, as soon as may be practicable after the passage of this act, to make out an accurate list and plats of the lands described as aforesaid, and transmit the same to the Governor of the State; and, at the request of said Governor, cause a patent to be issued to the State therefor; and on that patent a fee-simple to said lands shall vest in the said State, subject to the disposal of the Legislature thereof: *Provided,*

however, That the proceeds of said lands, whether from sale or by direct appropriation in kind, shall be applied exclusively, as far as necessary, to the purpose of reclaiming said lands by means of the levees and drains aforesaid.

"Section third. That in making out a list and plats of the land aforesaid, all legal subdivisions, the greater part of which is 'wet and unfit for cultivation,' shall be included in said lists and plats; but when the greater part of a subdivision is not of that character the whole of it shall be excluded therefrom.

"Section 4th. That the provisions of this act be extended to, and their benefits be conferred upon each of the other States of the Union in which such swamp and overflowed lands, known and designated as aforesaid may be situated."

Under this last section the State of Iowa became entitled to the benefit of this act. After its passage, the only important steps to be taken to perfect the title in the State was the ascertainment and designation of the several subdivisions which fell within the description of swamp lands as defined in the third section. This duty was devolved upon the Secretary of the Interior, as the head of the land department.

On the 21st November, after the passage of the act, the Commissioner of the Land Office issued instructions to the Surveyor-General of the State to make a selection of these sub-divisions and report the same to the department.

See also letters 21st December, 1853; 22d January, 1859; Lester's Land Laws, pp. 543, 551, 559. And also to transmit copies to the local land offices. This duty was performed in accordance with the instructions. The first list was returned and filed in the General Land Office, September 20th, 1854, and in the local office, October 23d, 1854. The second and remaining list was returned and filed in the General Land Office, January 21st, 1857, and in the local office, Jan. 23d, 1857.

These two lists contain the whole of the lands in controversy. On the filing of the lists in the local office, the Register was directed to make a note of the sub-divisions in his tract-book, and to withdraw them from the market, which was done accordingly.

In this connection it may be proper to refer to the act of March 2d, 1855, (10 U. S. St., p. 643,) which is "an act for the relief of purchasers and locators of swamp and overflowed lands," and provides, in substance, that patents shall be issued to purchasers or locators who had made entries of the public lands claimed as swamp lands prior to the issue of patents to the States under the second section of the swamp land grant of 1850, and providing for an indemnity to the States. Conflicts had arisen between these purchasers and locators, on one side, and the States claiming the land under the swamp land grants. As these lands were not withdrawn from sale till the filing of the lists in the local land office, they were supposed to be open to entry or location, and a portion of them had been thus appropriated. On the other hand, the State claimed that the grant to them by the act of Congress was a grant *in present* and vested the title immediately. Such had been the opinion expressed by the Land Commissioner, and also by the Attorney-General.

The embarrassments of the land Department growing out of this controversy between the States and the settlers was removed by this act of 1855, which confirmed the title of the settlers and compensated the States for the land of which they were deprived.

The second section of the act provided that compensation should be allowed to the States only in respect to subdivisions taken up by the settlers, which were swamp lands within the true intent and meaning of the act of 1850—that is, where the greater part were "wet and unfit for cultivation." And the land department therefore allowed parties to contest the claim of the States, and to give evidence before the proper officers that the subdivision was not of the character contemplated by the law.

As a consequence, under this construction of the act, controversies increased between the settlers and the States, and as stated by one of the commissioners of the land office, the contesting applications pending before the department involved, by estimate, three millions of acres, and on investigations being ordered, papers came into the office by bushels. Pending these proceedings, Congress intervened and passed the act of March 3, 1857, (11 U. S. St. p. 251.) This act is entitled "an act to confirm to the several States, the swamp and overflowed lands selected under the act of September, 28, 1850, and 1849."

There is but one section, and it provides "that the selection of swamp and overflowed lands granted to the several States by the act of Congress, approved, September 28, 1850, and the act of 2d March, 1849, heretofore made and reported to the commissioner of the general land office, so far as the same shall remain vacant and unappropriated, and not interfered with by an actual settlement under any existing laws of the United States, be and the same are hereby confirmed, and shall be approved and patented to the several States, in conformity with the provisions of the act aforesaid, as soon as may be practical," with a proviso saving the act of March 2d, 1855, which is continued in force and extended to all entries and locations, claimed as swamp lands, made since its passage.

As we have already stated, the selection of the swamp and overflowed lands by the State of Iowa, under instructions from the land department, involved in this suit, were made, and lists returned and filed in the department, September 20, 1854, and January 21, 1857, which was before the passage of this act. And these are the selections referred to, confirmed, and approved, and for which patents were directed to be issued as soon as practicable, if the same were vacant and unappropriated or not occupied by an actual settler under some law of Congress.

We will now examine the title of the defendants under the act of May 15, 1856. That act provides as follows:

"That there be and is hereby granted to the State of Iowa, for the purpose of aiding in the construction of railroads from Burlington, on the Mississippi river, to a point on the Missouri river near the mouth of the Platte river," (naming also several other lines of railroads,) "every alternate section of land designated by odd numbers for six sections in width on each side of each of said roads," and then provides that when the lines of the road shall be "definitely fixed," if it shall appear that any of the lands within these six sections shall have been "sold or otherwise appropriated," alternate sections may be selected of equal quantity within fifteen miles of the road.

To this grant is the following proviso:

"That any and all lands heretofore reserved to the United States by any act of Congress, or, in any manner by competent authority for the purpose of aiding in any object of internal improvement, or for any other purpose whatsoever, be, and the same are hereby reserved to the United States from the operation of this act, except so far as it may be found necessary to locate the routes of said railroads through such reserved lands, in which case the right of way only shall be granted, subject to the approval of the President of the United States.

It will be seen from an examination of this grant that the reservations annexed to it are very full and explicit. They are first found in the enacting clause itself, where provision is made for the selection of lands beyond the lines of the six sections on each side of the road, in case any of the sections have been previously "sold or otherwise disposed of;" and then again in the general proviso to the grant. "These reservations clearly embrace the previous grant of the swamp and overflowed lands for the purpose of enabling the States to redeem them and fit them for cultivation by levees and drains." At the time of the passage of this act, May 15, 1856, a moiety of the lands in controversy had been selected and reported to the land department; and the authorities of the State, under instructions from that department, were engaged in the selection of the remainder. The lands already selected and returned had been withdrawn from sale, and were not in the market at the time of the passage of the act; and as soon as the remaining lists were returned, which was January 21, 1857, they were also withdrawn from the market. In the language of the railroad act, the whole of the lands in controversy were "otherwise appropriated," and were "reserved" for the purpose of aiding the States in their objects of internal improvements.

But there is still, if possible, a more decisive answer to the title set up by the defendants. Until the line of the railroad was definitely fixed upon the ground, there could be no certainty as to the particular sections of lands falling within the grant; nor could the title to any particular section on the line of the road vest in the company. The grant was in the nature of a float until this line was permanently fixed. Now the proofs show that the location of the road was not made on the ground and adopted by the company till the 24th of March, 1857, which was after the confirmatory act of that year.

This, as we have seen, confirmed all the selections made at the time, and which included all in controversy in this suit, in the language of the section, "so far as the same shall remain vacant and unappropriated, and not interfered with by actual settlement." As the railroad company at this time, for the reasons above stated, had not perfected their grant so as to have become invested with the title to any of the sections included in the lists or selections of the swamp lands on file in the land department, they can set up no appropriation of any of these lands under their grant, which leaves them subject to the confirming act of 1857, according to the very words of it.

The decree of the court below is affirmed.

D. W. MIDDLETON,

Clerk Supreme Court of the United States.

NOTE.—About a fortnight after the above reported case was adjudged, there was adjudged another from a different State, and which as respected the position of parties, was a sort of converse to it; and in its nature somewhat supplementary. It is accordingly reported in immediate sequence. From its correlative character, as just described, the reader will readily understand that he must be possessed of the preceding case in order to understand this one. It was the case of

RAILROAD COMPANY V. SMITH.

1. The act of 4 June 1852, concerning swamp and overflowed lands, confirmed a present vested right to such lands, though the subsequent identification of them was a duty imposed upon the Secretary of the Interior.
2. These lands were excepted from the subsequent railroad grants to Iowa and Missouri.
3. In a suit to recover lands which the plaintiff claims under one of the railroad grants, it is competent to prove by witnesses who know the lands sued for, that they were swamp and overflowed within the swamp-land grant, and therefore excluded from the railroad grant.

Error to the Supreme Court of the State of Missouri.

The Hannibal and St. Joseph Railroad Company brought ejectment against Smith in one of the county courts of Missouri, to recover possession of certain lands.

The title of the railroad company was deduced from an act of Congress, entitled, "an act granting the right of way to the State of Missouri, and a portion of the public lands to aid in the construction of certain railroads in said State." Approved, June 10, 1852.

This act granted to the State of Missouri, for the purpose of making the railroad, every alternate section of land designated by even numbers on each side of the road.

The Legislature of Missouri, in September, 1852, accepted the grant, and by statute vested the land granted in the railroad company.

Such was the title of the plaintiff. That of the defendant Smith, was deduced from the same "swamp land grant," the act of Congress, namely: which is set out in the statement of the last reported case. Approved, September 28, 1850, by which Fremont county in that case held its lands.

But in this case the railroad interest was the actor; not as in the last one a defending party merely, with a swamp land grantee in the position of assailant.

On the trial below of the present case the defendant introduced evidence against objection tending to prove that the lands in suit were wet and unfit for cultivation, at the date of the swamp land act of 1850; and this was his title.

No evidence was introduced by him tending to show that the land in suit was ever certified as swamp land by the Secretary of the Interior, or that the same was ever patented as such to the State of Missouri. Nor was this pretended. In fact the correspondence of the Land Department of the United States showed that the Secretary had no sufficient evidence to enable him to make such certificates.

The court in which the suit was brought gave judgment for Smith, the defendant, and the railroad company appealed to the Supreme court of Missouri.

That court affirmed the judgment of the court below, and the railroad company now brought the case here.

Messrs. James Carr and W. P. Hall, for the plaintiff in error.

Mr. Drake, *contra*.

Mr. Justice Miller delivered the opinion of the court.

The grants of lands by Congress to the States in aid of railroads have generally been made with reference to the lands through which the roads were to pass, and as the line of the road had to be located after the grant was made, it has been usual in the acts making the grant, to describe them as alternate sections of odd numbers within a certain limit on each side of the road, when it should be located.

This, of course, left it to be determined by the location of the road what precise lands were granted. So far as this uncertainty in the grant was concerned, it was one which might remain for a considerable time, but which was capable of being made certain, and was made certain by the location of the road.

But as Congress could not know on what lands these grants might ultimately fall, and as the roads passed through regions where some of the lands had been sold, some had been granted for other purposes, and some had been reserved for special uses; though the title remained in the United States, these statutes all contained large exceptions from the grant, as measured by the limits on each side of the road, and as determined by the odd numbers of the sections granted.

We have had before us two cases growing out of the construction to be given to the language of these exceptions in the grant of May 15, 1856, to the State of Iowa. The first of these was the case of *Wolcott v. The Des Moines Company*. The other is the case of *The Railroad Company v. Fremont County*, decided at this term.

The case before us arises under a similar grant to the State of Missouri, with like reservations in the act; but it raises a question somewhat different from that presented by the other two cases.

In the last of those cases it was determined that a proviso which excluded from the grant "all lands heretofore reserved by any Act of Congress, or in any manner by competent authority, for the purpose of aiding in any object of internal improvement, or for any other purpose whatever," excluded the lands granted to the States by the Act of September 28, 1850, known as the Swamp Land Grant. In that case the county of Fremont, claiming under the Swamp Land Grant, was plaintiff, and the railroad company, claiming under the grant to the State for railroads, was defendant; and the main point in it related to the evidence which might be necessary to establish the fact that the lands claimed by plaintiff were swamp, and overflowed within the meaning of the Act of 1850.

In the present case the position of the parties is reversed; the plaintiff claiming under the Act of June 10, 1852, granting lands to the State of Missouri for railroad purposes, and the defendant claiming under the Swamp Land Grant.

In the former case it was necessary for the plaintiff, who must succeed on the strength of her own title, to show satisfactory evidence that the title of the United States had, under the Swamp Land Grant, become vested in Fremont county. The opinion of the Court shows how this was successfully done in that case.

*Should be September 28, 1853.

†The case immediately preceding.

In the present action it was incumbent on the railroad company to show that the title of the United States had become vested in the company under the grant for railroad purposes.

It is admitted that this has been done, unless the land is of that class reserved from the grant as swamp land; for the Act under which plaintiff claims has an exception in precisely the same terms with the Act for the benefit of the Iowa railroads.

In the former case the plaintiff claiming under the Swamp Land Grant, was bound to establish his title by such evidence as Congress may have determined to be necessary to make the title complete in the State; or the grantee of the State, to which the lands were supposed to be granted, otherwise the plaintiff established no legal title. In the present case it is not necessary to defeat the title under the railroad grant to show that all the steps prescribed by Congress to vest a complete title in defendant, under the Swamp Land Grant, have been taken. It is sufficient to show that this land, which is now claimed under the railroad grant, was reserved out of that grant, and this is done whenever it is proved by appropriate testimony to have been swamp and overflowed land, as described in the Act of 1850.

In order to determine the character of the testimony which will prove this, it may be useful to look at the statute which granted these swamp lands.

The first section of the act, after declaring the inducements to its passage, says that the whole of these swamp and overflowed lands, made thereby unfit for cultivation, and unsold, are hereby granted to the States.

The third section for further description, says that all legal subdivisions, the greater part of which is wet and unfit for cultivation, shall be included as swamp lands; but when the greater part is not of that character the whole of it shall be excluded.

Congress has here given a criterion, apparently not difficult of application, by which to determine what was granted, to-wit: such legal subdivisions of the public lands, the greater part of which were so far swamp and overflowed as to be too wet for cultivation. Now, here is a present grant by Congress of certain lands to the States within which they lie, but it is by a description which requires something more than a mere reference to their townships, ranges, and sections to identify them as coming within it. In this respect it is precisely like the railroad grants, which only became certain by the location of the road. In fact, in this regard the swamp land grant was the more specific, for all the lands of that description were granted, and they have remained so granted ever since, while no particular land was described by the railroad grant, which was a float, to be determined by the choice of the line of the road in future. No act of Congress has ever attempted to take back this grant of the swamp lands, or to forfeit it, or to give it to any other grantee, or modified the description by which they were given to the States. It was protected by positive reservation in the grant under which plaintiff claims. Now when a party claiming under that grant sues to recover a particular piece of land which is excepted out of the grant by appropriate language, is it not competent to show by parol proof that it was of the class covered by the first grant and excepted from the second, namely, so swampy, overflowed, and wet, as that a major part of the tract was unfit for cultivation?

By the second section of the act of 1850 it was made the duty of the Secretary of the Interior to ascertain the fact, and furnish the State with the evidence of it. Must the State lose the land, though clearly swamp land, because that officer has neglected to do this? The right of the State did not depend on his action, but on the act of Congress; and though the States might be embarrassed in the assertion of this right, by the delay or failure of the Secretary to ascertain and make out lists of these lands, the right of the States to them could not be defeated by that delay. As that officer had no satisfactory evidence under his control to enable him to make out these lists, as is abundantly shown by the correspondence of the land department with the State officers, he must, if he had attempted it, rely, as he did in many cases, on witnesses whose personal knowledge enabled them to report as to the character of the tracts claimed to be swamp and overflowed. Why should not the same kind of testimony, subjected to cross-examination, be competent, when the issue is made in a court of justice, to show that they are swamp and overflowed, and so excluded from the grant under which plaintiff claims, a grant which was also a gratuity.

The matter to be shown is one of observation and examination, and whether arising before the Secretary, whose duty it was primarily to decide it, or before the court, whose duty it became because the Secretary had failed to do it, this was clearly the best evidence to be had, and was sufficient for the purpose.

Any other rule results in this, that because the Secretary of the Interior has failed to discharge his duty in certifying these lands to the States, they, therefore, pass under a grant from which they are excepted beyond doubt; and this, when it can be proved by testimony capable of producing the fullest conviction, that they were of the class excluded from plaintiff's grant.

The decision of the case of the *Railroad Company v. Fremont county*, disposes of all the errors alleged in this case but the admission of the verbal testimony, and as we are of opinion that the State court did not err in that, the judgment is affirmed.

SWAMP AND OVERFLOWED LANDS.

The following is a list of the Swamp and Overflowed Lands, approved and patented to the State of Iowa by the United States, and by the State patented to the several counties in which the same are situate :

ADAIR COUNTY.

ADAIR COUNTY.

Special Swamp Land Indemnity Certificate No. 23, issued by the Department of Interior to this State, August 29, 1864, authorizing the location of 2595.13 acres as indemnity for a like amount of swamp lands disposed of by the General Government in Adair county, and which was received at this office September 13, 1864, (as appears

by the records), in some unaccountable manner disappeared from the files of the office, as stated by Hon. J. A. Harvey, former Register of this office, in a letter to J. C. Savery, dated December 1866. The Department has issued and transmitted a duplicate certificate which has been delivered to J. S. Maughlin, agent appointed by the Governor to locate the same; but no report of its location has been filed here.

GRUNDY COUNTY.

The tracts of land located with Swamp Indemnity Certificate No. 81, 603.18 acres in all, inuring to Grundy county, are not yet patented. The Register and Receiver of Ft. Dodge Land Office, failed to report the locations to the General Land Office. As soon as we ascertained the cause of the delay, we transmitted to the Commissioner, a certified copy of certificate, of location as per the files of this office, with request for patent to issue as early as convenient.

JOHNSON COUNTY.

The lands inuring to Johnson county, located with Supplemental Swamp Indemnity Certificate No. 37, amounting to 294.25 acres, are in the same condition as those of Grundy county. No patent has issued, for the reason as the Commissioner has recently informed us, that the locations never were reported to his office.

TAMA COUNTY.

On February 12, 1867, Thos. A. Graham, the agent of the State, located with swamp indemnity certificate, No. 70, six hundred acres in sections 2 and 12, township 97, range 31, Fort Dodge District, as indemnity for an equal amount of swamp lands disposed of by government in Tama county. This location is utterly void, the same lands having been located by W. A. Crosby, State Agent, Nov. 8, 1866, in virtue of swamp indemnity certificate, No. 53, as part of the indemnity due for swamp lands disposed of by the government, in Washington county, and subsequently patented to the State, and by the State patented to Washington county.

To say the least, it was inexcusable carelessness on the part of the Register and Receiver of the Fort Dodge Land Office to permit

Mr. Graham to locate swamp indemnity certificate, No. 70, on lands that had been located the year prior by another party.

Tama county is still entitled to the six hundred acres indemnity, and the Department should issue another certificate for that quantity, unless the original certificate, No. 70, can be returned to the State.

There are two swamp land indemnity certificates in this office, one for Marion county for one hundred and twenty acres, and one for Chickasaw county, for one hundred and nine and nineteen hundredths acres.

The ruling of the General Land Office has confined the location of these indemnity certificates to within the limits of the State of Iowa, although there appears to be no law of Congress sustaining such ruling.

If these indemnity certificates can only be located within the limits of the State, those now on hand, as well as any that may be issued, will be comparatively worthless, as there is now little or no land in this State subject to sale at \$1.25 per acre.

7TH—THE RAILROAD GRANT.

The following are full and complete lists of the lands approved and certified by the Interior Department for railroad purposes, received at this office since the publication of the last biennial report, and include supplemental lists certified under act of May 15th, 1856, lists of the indemnity lands certified under act of June 2, 1864, and a list of lands certified under act of May 12, 1864, to aid in the construction of the McGregor & Missouri River Railway. The lands embraced in the latter list have also been patented to the State, in accordance with the provisions of the act making the grant, and by the State patented to said Railway Company.

We also give a list of the lands patented to the Iowa Falls & Sioux City Railroad Company, under chapter 124, acts 12th General Assembly, a list of those tracts claimed by settlers under the 5th section of said act, with the disposition of the same, and a list of the tracts selected and set apart for the Tete Des Morts Branch.

Patents will issue in all those cases where the proof is satisfactory, as soon as the parties pay into the State Treasury, for the benefit of the Iowa Falls & Sioux City Railroad Company, the price of the land at \$2.50 per acre. The parties interested have been notified of the action of this Department in the premises.

TETE DES MORTS BRANCH.

CHAPTER 73.

AN ACT to carry out the provisions of an act of Congress, approved, May 15, 1856, granting lands to Iowa to aid in the construction of railroads, and to secure the early completion of the Tete des Morts branch of the Dubuque & Sioux City Railroad.

SECTION 1. *Be it enacted by the General Assembly of the State of Iowa, That the Dubuque, Bellevue & Sabula Railroad Company, having failed and refused to accept the terms and conditions of chapter 124 of the acts of the Twelfth General Assembly relating to the construction of the Tete des Morts Branch Railroad, and the grant of land connected therewith; and said company not having proceeded in good faith to construct said branch road, and open the same for business, as required by said act; therefore, all the right, title, and interest in and to the land granted or intended to be granted to said Dubuque, Bellevue, & Sabula Railroad Company by any of the provisions of said chapter 124 of the acts of the Twelfth General Assembly, be and the same is hereby absolutely and entirely resumed by the State: Provided, however, that nothing in this act shall be construed to prevent the said Dubuque, Bellevue, & Sabula Railroad Company from claiming and recovering reasonable compensation for any work actually done by said company on the line of said branch road, from any person or company to whom said land grant may hereafter be transferred, and who may proceed to construct said branch road.*

SEC. 2. The right of the Dubuque, Bellevue & Sabula Railroad Company to the land grant conferred upon it by chapter 124 of the acts of the Twelfth General Assembly, having ceased and determined, there shall be and is hereby granted to and conferred upon the Dubuque, Bellevue, & Mississippi Railway Company, to aid in the construction of the Tete des Morts branch road, required to be built by the act of Congress granting lands to Iowa to aid in the construction of railroads in said State, *a pro rata* of six sections per mile of said land grant: *Provided*, that said Dubuque, Bellevue, & Mississippi Railway Company shall not encumber or dispose of said lands until the said branch road shall be completed and open for business; and that said branch shall be completed within two years from the first day of January, A. D. 1870. Said lands shall be of an average quality and value of the lands granted by Congress as aforesaid, to aid in the construction of railroads in Iowa; and the Governor of Iowa shall select, or cause to be selected, the lands hereby granted to the Dubuque, Bellevue, & Mississippi Railway Company, or cause the same to be reserved from lands outside of the six mile limit of said grant, and upon completion of said branch road as above provided, he shall execute a patent for said lands to said Dubuque, Bellevue, & Mississippi Railway Company.

SEC. 3. The Dubuque, Bellevue, and Mississippi Railway Company is hereby required to signify its acceptance of the terms and conditions of this Act, by a written instrument, signed by the President of said Company, and filed with the Governor, within thirty days after the passage of this Act; and said company accepting the provisions of this Act, shall at all times be subject to such rules, regulations, and rates of tariff, for the transportation of freight and passengers, as may from time to time be enacted by the General Assembly of the State of Iowa. If the said Dubuque, Bellevue, and Mississippi Railway Company shall fail or refuse to accept this grant, upon the condition herein imposed, and in the time and manner herein prescribed, the Census Board of this State is hereby required by proper writing, with the seal of the State affixed thereto, to confer the same upon such party or company as shall, in their judgment, be competent to carry into effect, in good faith, the enterprise hereinbefore provided for, which shall accept the grant, by a proper written instrument, duly executed and attested; and shall file the same in the office of the Secretary of this State, subject to all the limitations and provisions of this Act, and the same shall be applicable to such grantee, subject to all the terms and conditions of this Act, as fully as if named originally herein.

SEC. 4. This Act being deemed of immediate importance, shall take effect from and after its publication in the *Daily State Register* and *Iowa Evening Statesman*, newspapers published in Des Moines.

Approved, April 7th, 1870.

I hereby certify that the foregoing Act was published in the *Daily Iowa State Register* April 10, and in the *Des Moines Daily Statesman*, ——— 1870.

ED WRIGHT, Secretary of State.

The following are the lands selected and set apart to aid in the construction of the Tete des Morts branch of the Dubuque & Sioux City Railroad:

STATE LAND OFFICE,
DES MOINES, IOWA, May 17th, 1870.

By direction of the Governor, and in compliance with the provisions of section 2, chapter 73, of the Laws of the Thirteenth General Assembly of the State of Iowa, approved, April 7th, 1870, which reads as follows, viz: "The right of the Dubuque, Bellevue, and Sabula Railroad Company to the land grant conferred upon it by chapter 124 of the acts of the Twelfth General Assembly, having ceased and determined, there shall be and is hereby granted to and conferred upon the Dubuque, Bellevue, and Mississippi Railway Company, to aid in the construction of the Tete des Morts branch road, required to be built by the act of Congress granting lands to Iowa to aid in the construction of railroads in said State, a *pro rata* of six sections per mile of said land grant; *Provided*, That

said Dubuque, Bellevue, and Mississippi Railway Company shall not encumber or dispose of said lands until the said branch road shall be completed and open for business; and that said branch shall be completed within two years from the first day of January, A. D. 1870. Said lands shall be of an average quality and value of the lands granted by Congress as aforesaid, to aid in the construction of railroads in Iowa; and the Governor of Iowa shall select, or cause to be selected, the lands hereby granted to the Dubuque, Bellevue, and Mississippi Railway Company, or cause the same to be reserved from lands outside of the six mile limit of said grant, and upon completion of said branch road, as above provided, he shall execute a patent for said lands to said Dubuque, Bellevue, and Mississippi Railway Company."

The lands described from pages 1 to 3, inclusive, hereto annexed, have been selected and set apart for the purposes designated in the aforesaid chapter 73, acts of the Thirteenth General Assembly. And as these selections have been made upon the assumption that the said Tete des Morts branch of the Dubuque & Sioux City Railroad would be eleven miles long, it is made a condition of this certificate, that the aggregate quantity of land selected shall be subject to decrease by future adjustment, should it appear that upon the completion of the aforesaid branch road it is found not to be eleven miles in length.

In testimony whereof, I have heretunto subscribed my name and caused the seal of this office to be affixed at the city of Des Moines, this 17th day of May, A. D. 1870.

[L. S.]

C. C. CARPENTER, Register.

STATE OF IOWA,
EXECUTIVE DEPARTMENT, September 22, 1870. }

The foregoing certificate and selections are hereby approved.

[L. S.]

ED. WRIGHT, *Secretary of State.*

SAMUEL MERRILL.

No patent has yet issued for any of the tracts embraced in the foregoing list, as we have had no official notification of the completion of said Branch Railroad.

DES MOINES VALLEY RAILROAD.

The lands selected and set apart by the Register of State Land Office under the fourth subdivision of section 1, chapter 57, Acts Twelfth General Assembly, as a guarantee for the completion of the Valley Railroad into Fort Dodge during the year 1870, a list of which was published in the last biennial report of this office, on pages 333 to 338, were, with the exception of those sold to S. H. Taft, patented to the Des Moines Valley Railroad Company, January 3, 1871. The lands purchased by Taft have been paid for in accordance with his contract with the Governor; the money paid into the State Treasury for the benefit of the aforesaid railroad company, and the lands conveyed by patent to said Taft.

No disposition has been made of the lands withheld from patent to the Des Moines Valley Railroad Company, because of their being occupied by persons claiming to be *bona fide* settlers, a list of which was published on page 327 of the report of this office for 1869.

To allay all doubts which may have arisen in regard to the validity of the title to the indemnity lands approved and certified to the State under act of Congress, July 12, 1862, and which the State has patented to the Des Moines Valley Railroad Company.

Congress passed the following act:

An Act confirming the title to certain lands.

Be it enacted by the Senate and House of Representatives of the United States of America, in Congress assembled, That the title to the land certified to the State of Iowa by the Commissioner of the General Land Office of the United States, under an act of Congress, entitled "an Act confirming a land claim in the State of Iowa, and for other purposes," approved, July 12, 1862, in accordance with the adjustment made by the authorized agent of the State of Iowa, and the Commissioner of the General Land Office, on the twenty first day of May, Anno Domini eighteen hundred and sixty six, and approved by the Secretary of the Interior on the twenty-second day of May, Anno Domini, eighteen hundred and sixty-six, and which adjustment was ratified and confirmed by act of the General Assembly of the State of Iowa, approved, March 31, 1868, be, and the same is hereby ratified

and confirmed to the State of Iowa and its grantees, in accordance with said adjustment and said act of the General Assembly of the State of Iowa:

Provided, That nothing in this act shall be so construed as to affect adversely any existing legal rights, or the rights of any party claiming title or the right to acquire title to any part of said lands under the provisions of the so-called homestead or pre-empted laws of the United States, or claiming any part thereof as swamp lands.

Approved, March 3, 1871.

SEN.—THE AGRICULTURAL COLLEGE LANDS.

Since the last biennial report of this office, there have been patented of the lands donated for the Agricultural College and Farm, 127 acres situate in Story county.

There have been patented of the lands granted by act of Congress of July 2, 1862, in

Buena Vista county.....	677.84 acres.
Clay county.....	320.00 "
Kossuth county.....	1924.85 "
Sioux county.....	160.00 "
Webster county.....	160.00 "
Total	3242.69 acres.

Of the lands purchased by Messrs. Gue & Cusey, Agents, and conveyed to the State for the benefit of the College and Farm, there have been patented in

Clay county.....	160.00 acres.
Lyon county.....	320.00 "
Total	480.00 acres.

We are unable to give the quantity of lands sold in the last two years, with price paid for same, as required by section 7, chapter 117, acts Tenth General Assembly, as the Secretary of the Board of Trustees of the College and Farm has not furnished us with the data. I presume this information will be furnished by the Board of Trustees in their biennial report.

AGRICULTURAL COLLEGE LANDS—CONTINUED.

List of lands located by Messrs. Gue and Cusey with Agricultural College scrip of other States, which scrip was purchased by the Board of Trustees of the Iowa Agricultural College, with a portion of the interest money which had accumulated on leases of lands belonging to the Agricultural College Grant. These lands were located in the name of James C. Cusey, who conveyed them to the State of Iowa for the benefit of the Agricultural College.
